### **1.1. Introduction**

Yako Bank Uganda Limited, licensed under the Financial Institutions Act (FIA), 2004 (as amended in 2016), engages in commercial banking and related services. Risk management is integral to its business operations, facilitated by robust controls and a dedicated risk management framework.

Yako Bank Uganda Limited's legal status, regulatory oversight, and commitment to risk management are highlighted. It emphasizes the bank's compliance with the FIA and its dedication to managing risks effectively.

This report presents the disclosures of Yako Bank Uganda Limited in accordance with the Bank of Uganda Pillar 3 Market Discipline Guidelines on Disclosure Requirements.

The Pillar 3 Disclosure Requirements aim to promote market discipline by providing market participants with essential information regarding the firm's risk exposure and risk management processes. These disclosures complement the minimum capital requirements under Pillar 1 and the supervisory processes of Pillar 2.

### **1.2. The Pillar 3 Risk Management Report**

This report offers insight into Yako Bank Uganda Limited's Regulatory Capital and risk exposures in compliance with Bank of Uganda guidelines and Basel II requirements. The Board has reviewed the report, confirming effective risk and capital management processes.

It is a quarterly assessment of the bank's regulatory capital and risk exposures. It adheres to guidelines set forth by the Bank of Uganda and Basel II requirements, ensuring transparency and accountability in risk management practices.

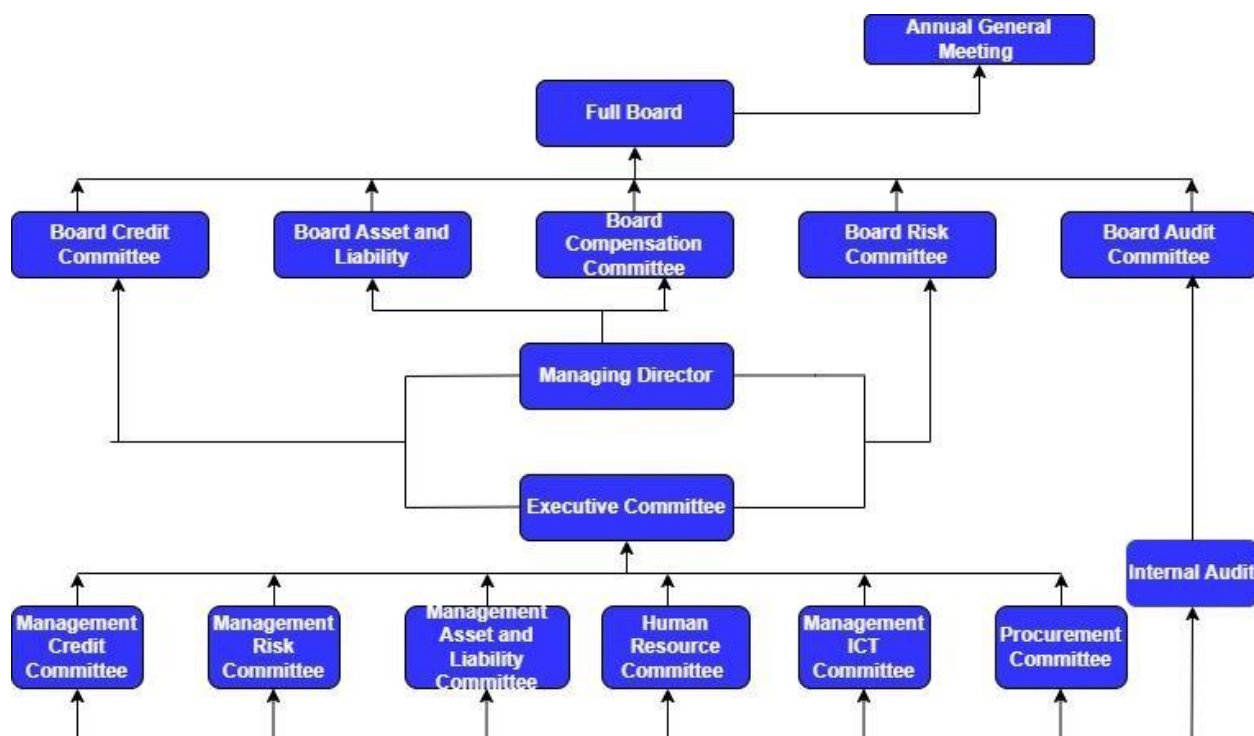

### **1.3. Board Attestation**

The Board confirms that the Pillar 3 Market Discipline Disclosure Report for Quarter 1 2025 has been prepared in accordance with internal control processes. This attestation underscores the Board's oversight role in ensuring the accuracy and reliability of the disclosed information.

### **1.4. Risk Management Approach**

Yako Bank Uganda employs an active approach to risk management through its Enterprise Risk Management Framework. The framework governs risk culture, identification, and response, ensuring that risk management is integrated into all aspects of the bank's operations. The Board oversees risk governance, setting strategic objectives and policies to guide risk management efforts.

## 1.5. Risk Governance Structure of Yako Bank Uganda Limited

## 1.6. Key Prudential Metrics

This section presents key prudential regulatory metrics, including capital ratios, leverage ratios, and liquidity standards. These metrics provide insight into the bank's financial health and regulatory compliance, helping stakeholders assess the bank's ability to absorb losses and meet capital requirements.

**The Table Below Provides an Overview of Yako Bank's Key Prudential Regulatory Metrics:**

### 1.7. Overview of Risk-Weighted Assets (RWA)

Understanding risk-weighted assets is crucial for determining and assessing capital adequacy. Yako Bank Uganda tracks various types of risks, such as credit, counterparty, market, and operational risks, to calculate its capital requirements accurately. This section provides an overview of the bank's risk-weighted assets and capital requirements.

Details Ugx '000	RWA		Minimum Capital Requirements
	March-25	Dec-24	Sep-24
Credit Risk (Excluding Counter Party Credit Risk)	27,611,759	31,176,343	32,693,972
Counter Party Credit Risk	4,515,022	4,336,077	4,528,707
Market Risk	1,125,019	2,913,299	2,224,866
<b>Total</b>	<b>33,251,799</b>	<b>38,425,719</b>	<b>39,447,545</b>

### 1.8. Asset Quality

Asset quality is a critical aspect of risk management, particularly in the banking sector. This section assesses the credit quality of the bank's assets, distinguishing between defaulted and non-defaulted exposures as well as provisions and interest in suspense. It also addresses provisions for potential losses, reflecting the bank's commitment to maintaining a healthy loan portfolio.

Details	Gross carrying values of		Provisions as per FIA2004		Interest in suspense	Net values
Ugx'000	Defaulted exposures	Non defaulted exposures	Specific	General		
Loans and Advances	1,692,316	29,159,595	755,362	299,370	159,521	29,937,028
Off B/S exposures	-	8,609,423				8,609,423
<b>Total</b>	<b>1,692,316</b>	<b>37,769,018</b>	<b>755,362</b>	<b>299,370</b>	<b>159,521</b>	<b>38,546,451</b>

### Stock of Defaulted Loans and Debt Securities

Monitoring changes in defaulted exposures and managing write-offs are essential for preserving asset quality and regulatory compliance. The table below presents the movement in the balance of defaulted exposures for the reporting period. It includes loans and advances that have defaulted since the last reporting period, those that have returned to default status and amounts that have been written off.

<b>Defaulted loans and advances at the end of previous reporting period 'Ugx 000</b>	1,850,874,586
Loans and advances that have defaulted since the last reporting period	-
Returned to non-Default status	(158,558,972)
<b>Defaulted loans and advances at the end of reporting period</b>	<b>1,692,315,614</b>

### 1.9. Composition of Regulatory Capital

Regulatory capital components, including Common Equity Tier 1 and Tier 2 capital, play a vital role in meeting minimum statutory requirements and ensuring financial stability.

Regulatory capital is the foundation of a bank's financial strength and stability. This section breaks down the constituent elements of Yako Bank Uganda's capital, including Common Equity Tier 1 and Tier 2 capital. It also outlines regulatory adjustments and capital adequacy ratios, demonstrating the bank's compliance with minimum statutory requirements.

## Composition of Regulatory Capital as at December 31st, 2024

	Amounts (Ugx '000)
Total Core Capital (Tier 1)	31,191,236.22
Total Capital (Core + Supplementary)	31,490,606.50
Total Risk-Weighted Assets	32,446,450.57
Core Capital Ratio (RWA min. 12.5%)	93.80%
Total Capital Ratio (RWA min. 14.5%)	94.70%
Leverage Ratio	5.49%

## Use of External Credit Ratings

While Yako Bank Uganda primarily serves local corporates, external credit ratings, where available, inform of internal risk assessment processes. This section highlights the bank's reliance on external credit assessment institutions to evaluate the creditworthiness of its counterparties and borrowers.

## Acronyms

This section provides explanations for key acronyms used throughout the report, enhancing clarity and comprehension for readers unfamiliar with industry-specific terminology.

CCR: Counterparty Credit Risk

LCR: Liquidity Coverage Ratio

RWA: Risk Weighted Assets

Overall, the Pillar 3 Risk Management Report provides stakeholders with a comprehensive overview of Yako Bank Uganda's risk management practices, regulatory compliance, and financial performance. It underscores the bank's commitment to transparency, accountability, and prudent risk management in safeguarding the interests of its stakeholders.
